## Athletic Handbook

Otselic Valley Athletics would like to encourage all athletes and spectators to participate in our Sportsmanship initiative by showing:

### **V**ictory

We will be victorious. We will achieve victory over unkind words and actions, over challenges and obstacles in our path.

### **I**nitiative

We will “cultivate the ability to make decisions and think alone. Do not be afraid of failure, but learn from it.” *John Wooden*

### **K**indness

We will be kind in all we do because it is the right thing to do.

### **I**ntent

We will “set a realistic goal. Concentrate on its achievement by resisting all temptations and being determined and persistent.” *John Wooden*

### **N**obility

We will achieve nobility because in America nobility is achieved through public education; it is our birthright. Our teachers and school staff are King and Queen maker(s). I will secure my crown by learning, hard work, and demonstrating a positive attitude and effort.

### **G**enerosity

We will demonstrate generosity to our classmates, school staff, and school community.

### **S**elf-Control

We will “practice self-discipline and keep emotions under control. Good judgment and common sense are essential.” *John Wooden*

Dear Parent/Guardian and Student Athletes,

It is the basic philosophy of the Otselic Valley Central School District to prepare our student to become productive and contributing citizens of our community and society. We believe that a comprehensive program of student activities is vital to the educational development of our students. The athletic program is an extension of this philosophy.

The athletic program at Otselic Valley is an integral part of the school's educational program. Athletic competition provides physical, mental and emotional experiences. Athletics provide the opportunity to acquire qualities of total fitness, self-discipline, loyalty, and a cause greater than themselves.

Otselic Valley Central School is a member of the New York State Public High School Athletic Association (NYSPHSAA). This handbook will provide you with some guidelines, specific policies and procedures which support the program of interscholastic athletics.

If you have any questions or concerns regarding the Otselic Valley Athletics Program, please feel free to contact:

### **Objectives of the Interscholastic Sports Program**

❖ **Modified (Grades 7and 8) (9\*)**

This program of competitive sports focuses on the fundamentals of the game, team play, understanding of rules, importance of physical and mental training and skill development. At this introductory level a large emphasis is placed on academics, sportsmanship, chemical-free lifestyle, and physical and emotional growth. A smaller emphasis is placed on winning and a larger emphasis is placed on participation, not necessarily on an equal basis.

- ❖ 9th grade students may only participate in modified level sports based upon the direction and recommendation of the varsity coach of the particular sport.

### **Junior Varsity (JV)**

This program places an increased emphasis on team play, physical conditioning, refinement of basic skills, and understanding how the individual fits in a team role. Winning at the junior varsity level is considered important, however, learning to cope with game situations and how to accept winning and losing with respect are also important. Maximum participation is important; however, not all participants may play equally in each contest.

### **Varsity**

The Varsity level of athletic competition is the pinnacle of the high school athletic program. At this level there is a strong emphasis placed on winning but not on winning at all costs. There continues to be a strong emphasis on academics, sportsmanship, and a chemical-free lifestyle. Team play, physical ability, motivation, mental attitude, and understanding your role are important aspects of competition at this level. Varsity contestants are expected to accept the fact that important lessons are to be learned from winning and losing. It is understood that all participants may not play in every contest.

The member schools encourage the attendance of students, parents and interested members of the community at all athletic events. We further encourage their active support of these programs by participating in those activities which lend themselves to stimulating student achievement, good sportsmanship, and school spirit. These activities

should be positive in nature and within the guidelines of the Section III Code of Conduct. It is not our intent to reduce the involvement of spectators or the enjoyment of those who participate. Rather, it is our goal to create an atmosphere which is conducive to healthy athletic competition, is safe for those involved, and which provides the ideals of sportsmanship and sound educational practices.

**B. SPECTATOR CODE OF CONDUCT (Violators of this Code are subject to eviction from the site.)**

1. Spectators are an important part of the game and shall at all times conform to accepted standards of good sportsmanship and behavior.

3. Wholesome cheering is encouraged.
4. Taunting, foul and abusive language, noisemakers, inflammatory remarks, and disrespectful signs and behavior are not acceptable.
5. Spectator noise makers or sound devices are prohibited, as per Section III.
6. Spectators shall observe and obey the rules and regulations of the school concerning smoking, food and soft drink consumption, and use of lavatory facilities and parking of cars.
7. New York State law prohibits alcoholic beverages of any kind on school property; the law further prohibits any person under the influence of alcohol to be on school property.
8. Spectators shall respect and obey all school officials, supervisors, and police at all athletic contests.

**C. RECOMMENDATIONS FOR MEMBER SCHOOLS**

9. The Section III Code of Conduct should be emphasized with every student in every school. Furthermore, it should be posted and also publicized by way of Board Reports, school newspaper, Curriculum Guide, Booster Clubs and other public forums in the school district.

**Sports Physicals / Report of Injury / Medical Releases**

**Sports Physicals/Injuries**

- A. All students must have a complete physical examination performed by an accredited medical doctor, or authorized medical practitioner, and be declared fit for the particular activity prior to participating in the

athletic activity. The physical must be dated no later than 1 year from the start of the sport they are participating in. Paperwork must be submitted to the school nurse and deemed to meet all necessary requirements; coaches must receive clearance from the nurse before the student athlete will be allowed to practice. No one may participate without a physical examination.

If the student has had their sports physical within 30 days of starting their sport, the Interval Health History is not required. No one may participate without an Interval Health History unless as stated above.
- C. Athletes/participants are responsible for reporting all injuries immediately to the Coach/Advisor. Injuries requiring medical attention from a practitioner will require a doctor's note for participation to continue in athletics. If a student is unable to participate in PE during school hours, they will be unable to participate in extracurricular athletics as well.
- D. If illness or injury causes an absence of five (5) or more consecutive school days, written permission from the student's doctor must be provided to our school nurse before participation can be resumed in athletic competition.
- E. If a student has sustained a head injury, and is diagnosed with a concussion, the student has to be seen and cleared by the school's medical provider before being allowed to return to activity. Once a student is returned to the activity the coaches will follow the Return to Play guidelines written by NYSED.
- F. Training Regulations and Responsibilities: Student athletes/activity participants must abide by the New York State Public High School Athletic Association rules.

## **Transferring/Quitting Team**

- A. Tryouts: Each team will conduct a 3-5 day tryout period.
  - 1. After completion of a team's 5th day of practice, a student who quits a team cannot go out for another team that season.
  - 2. During this team practice period, a student may choose to quit the first team for which they are trying out, and still go out for a different sport that season – required process:

4. If the student does not attend the meeting they will not be allowed to participate in the next sport season. Missing a practice or arriving late for a practice requires prior permission from the coach/activity advisor or Athletic Director, if the coach is not available.

a. Consequences –

1st offense - warning and explanation with coach/advisor.

2nd offense - suspension from the next game/activity.

**Otselic Valley Athletic Code of Conduct.**

Student Athlete and Parent:

Participation on an Otselic Valley athletic team is a privilege which should elicit great pride in both the student-athlete and his/her family. It is also a responsibility which requires an extra commitment, both academic and otherwise, by those who wear our school colors and represent their teammates, coaches, school, family and community. Standards of behavior are necessarily high and a willingness to live up to them is a condition for participation. Consistent with these standards, and as a continuing condition of eligibility, student athletes are required to meet prescribed academic standards and sign this letter of commitment.

The student-athlete's signature, along with that of his/her parent/guardian, indicates they both recognize and understand this responsibility and is valid for one academic year.
