EDUCATIONAL PHILOSOPHY

Mission Statement

The Otselic Valley Central School community will encourage decisions that give all students the opportunity to achieve their highest level of learning in preparation for a challenging tomorrow.

Alma Mater

All hail Otselic Valley
And proud her honors tell.
She stands beside the river
We also love as well.
And like the river ever flowing,
Rolling southward to the strand,
May the peace beyond all knowing
Spread from us across this land.
And this our benediction
To all beneath the sky
To know the love we have for

INTRODUCTION

The Otselic Valley Central School District’s Board of Education (“board”) is committed to providing a safe and orderly school environment where students may receive and district personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other district personnel, parents and other visitors is essential to achieving this goal.

The district has a long-standing set of expectations for conduct on school property and at school functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity.

The board recognizes the need to clearly define these expectations for acceptable conduct on school property, to identify the possible consequences of unacceptable conduct, and to ensure that discipline when necessary is administered promptly and fairly. To this end, the board adopts this student handbook.

Unless otherwise indicated, this code applies to all students, school personnel, parents and other visitors when on school property or attending a school function.

COMMUNITY RELATIONS

To Parents/Guardians and Students:

The purpose of this student handbook is to familiarize parents and students with the main procedures, services and programs of Otselic Valley Central School. Please retain this handbook, as it will be a convenient reference throughout the school year.

It is important to realize that during the course of the school year, policies and procedures are regularly evaluated to address varying circumstances. If modifications are implemented, parents and students will be notified.

To the Student:

We hope that you will find your years at Otselic Valley Central School to be motivating and rewarding. Your success will largely depend on your willingness to meet your obligations and accept responsibility for your education. You should review this handbook with your parent or guardian.

SECURITY SYSTEM

The Otselic Valley Central School District is responsible for ensuring the safety and welfare of all students and staff. Each year the District's Safety Plan is reviewed and updated to support Project SAVE.

VISITORS TO THE SCHOOL

The Board encourages parents and other district citizens to visit the district's schools and to observe the work of the students, teachers and staff. Members of the School District staff will treat parents and other members of the public with respect and expect the same in return. The District must keep schools and administrative offices free from disruptions and prevent unauthorized persons from entering school/district grounds. The administrator or designee is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply:

1. Anyone who is not a regular staff member will be considered a visitor.
2. Visitors must obtain clearance at the front entrance.
3. Visitors must report to the Main Office to sign in and receive an identification badge that is to be worn at all times while on school property.
4. Visitors attending school functions open to the public are not required to register.
5. Visitors who wish to observe a classroom are required to get prior approval from the principal.
6. Teachers are expected to use non-instructional time to discuss individual matters.
7. Unauthorized visitors will be asked to leave and, if necessary, the proper authorities will be notified.
8. Visitors will be expected to follow the Code of Conduct at all times.

PUBLIC CONDUCT

To create and maintain a safe and orderly environment, it is necessary to regulate public conduct on school grounds and at school functions. All persons shall conduct themselves in a respectful manner.

Guidelines

1. Elementary students (PreK-6) must be accompanied by and sit with a responsible adult.
2. Students will remain in the gym or MPR except for intermissions.
3. Food or drinks are not allowed in the gym or MPR.
4. There will be no re-admittance for people leaving the building.

Prohibited Conduct

1. Injure or threaten another person.
2. Damage or destroy school or personal property.

3. Disrupt the orderly flow of education or activities.
1. Distribute or wear materials that are obscene, advocate illegal actions, libelous, obstruct the rights of others or are disruptive.
2. Intimidate, harass or discriminate against any person.
3. Enter or remain in building after closing the school premises.
4. Obstruct the free movement of another person.
5. Violate vehicular laws.
6. Possess, consume, sell, distribute, exchange or be under the influence of alcohol or drugs (illegal, prescription or over the counter).
7. Possess or use a weapon.
8. Loitering
9. Gambling
10. Refusal to comply with a reasonable request of a district official.
11. Incite others.
12. Use of vulgar or abusive language or profanity.
13. Violate any laws, ordinances, statues or Board policy.

Possible Penalties

1. Visitors will be asked to leave school grounds.
2. Students will face the consequences of the Code of Conduct.
3. Staff members will face consequences of the collective bargaining agreement for which they belong.
4. Notification of proper authorities.

Enforcement

The building administrator or designee shall be responsible for enforcing the Code of Conduct. Attempts should be made to persuade people to behave appropriately and warn them of possible consequences. If attempts are futile, the individual(s) should be removed. If necessary, the proper authorities may be notified.

RESPONSE TO INTERVENTION

Response to Intervention (formerly AIS) means additional instruction and/or student support services, which supplement the general instruction and help students meet the state mandates. Services will be provided to students in English Language Arts and Mathematics (grades PreK-12) and other curricular areas (grades 4-12).

Eligibility for Response to Intervention services:

All students are eligible for AIS, including those with disabilities, limited English proficiency and/or English language learners if they fail to meet state performance standards or district approved procedures.

State Assessments:

Students in grades 3-8 will be mandated into RTI if they score below the state mandated performance levels for the given curricular area. Students in grades 9-12 will be mandated into RTI if they score below a passing grade on a Regents examination required for graduation.

District Procedures:

In grades where no state assessments are given, students will be eligible for RTI if they are determined to be at risk of not meeting state standards according to criteria established by the district. The district procedure will be used when a student is absent for all or part of a state examination or for a transfer student when necessary.

Student Progress Reports:

Quarterly reports, including district data, will be sent to parents describing the nature and intensity of the service provided, how the service was provided and by whom and the reasons for continuation or discontinuation of the services.

Parent Notification

The building administrator or guidance counselor will be responsible for notification indicating a need for RTI. The notification will include a summary of the services to be provided, frequency, reasons for the services and potential consequences. When RTI is discontinued, the parent will be notified of the termination of services and the updated performance level of the student.

Criteria for Ending AIS

RTI will end when the student has successfully attained the State standards in the deficient curricular area or reached district approved growth measures.

STUDENT RECORDS

Family Education Rights and Privacy Act of 1974 states that parents/legal guardians have the right to inspect the total education record of their children. Students over the age 18 can inspect their own records.

Education record means those records, files, documents and other materials that contain information directly related to a student and are maintained by an educational agency or institution, or a person acting in that manner.

HIGH SCHOOL CREDIT FOR COLLEGE COURSES

Students may request to have a college course evaluated for high school credit. The principal and guidance counselor must approve this option. If the final grade in the course is a “C” or better, credit will be granted.

If a student wishes to take 12 credit hours of college courses in a semester, they will need permission from the school principal. If a student is taking less than 12 in a semester, they do not need permission from administration.

COLLEGE COURSE APPEAL

Having the opportunity to take college courses while in high school is an excellent opportunity for students. A teacher has the right to set prerequisites that are unique to their course. In the case where a student does not fit all the general requirements for taking a college course, we would like to give students an opportunity at an appeal for missing a prerequisite for a course. The appeal is only for a local prerequisite. The college prerequisites cannot be appealed at the local administrative level.

The student who wishes to appeal needs to write a letter to the building principal for the course they are being denied to participate in. The letter should outline what prerequisite they are missing and share other evidence that would highlight their potential of being successful in the course. This evidence could include but not limited to PSAT, SAT, and Regents scores that were not part of the local teachers prerequisites.

If the administrative appeal is approved, the student will receive ten weeks to show that they can handle the rigor of the college course. If they cannot, the student will be moved into the local course by the administrator that heard the appeal. At times moving a student’s schedule may cause the loss of other courses because of course conflicts. It is the student’s responsibility to meet local graduation requirements before extra elective courses are taken into consideration.

GRADE REPORTING

Jr.-Sr. High School

- Report cards are distributed four times a year at 10-week intervals. Five-week progress reports will be distributed between each report card period.
- At the end of the semester, students will receive final grades for one-semester courses only. Full year courses will receive the final grades at the end of the school year.
- For first semester, the final examination period will be at the end of January and for second semester and full year courses, the final examination period will be at the end of June.
- Averaging the marking periods and taking 80% of that grade and adding it to 20% of the final examination grade can calculate final average.
- Students are said to be college and career ready in math if they achieve a 75% or above on common core Regents exams or a 75% in ELA and Math.

Elementary School

- Report cards are distributed four times a year.

WEIGHTED COURSES

The Board of Education recognizes that the preparation and effort necessary for success in a more challenging course is generally greater than that of a local credit course. In order to provide incentive to enroll, the following weighting system will be used.

1. Courses that are college credit and/or AP bearing carry a weight of 1.2
2. Courses not covered by (1) but culminating with a Regents exam carry a weight of 1.1
3. Courses fitting neither (1) or (2) carry a weight of 1.0

VALEDICTORIAN/SALUTATORIAN SELECTION

Criteria:

For a student to be considered and eligible for the title of Valedictorian or Salutatorian, he/she must have met the following requirements:

1. Have a cumulative weighted average of 93 or better.
2. Have earned 21 or more college credits.
3. Be ranked 1st or 2nd in their class.

SMP (Success Management Program)

The Success Management Program affects the following activities but is not limited to; LPP, field trips, FFA, Envirothon, Dances, Booster Club events (cheer competition/soccer tourney), attending games/school events. The administration has the right to add events to the list that take place on the OVCS campus or are sponsored by the School District. Students on the Non-Activity List may not participate in co-curricular activities including attending any “away” events. Students may practice/rehearse and are expected to sit on the home bench of home contests, not in uniform.

Warning List: Members of this list are failing at least one course on the warning list dates. In September, students that failed any MS/HS course the previous year will start the school year on the warning list.

Warning list dates: The warning list will be generated the day after all 5/10 week grading periods. Students will be notified in writing by the principal’s office using school messenger and report card mailings. One or more failing grades will result in being added to the Warning List.

Academic Dining Area: Members of the warning list will be provided a mandatory lunch seating assignment. This lunch arrangement will be assigned for the duration of the Warning List Membership. Teachers wanting to work with students during this time will do so in the dining area. Students may not sign out to go to other rooms. Students are expected to work on academic work during this time, while they are eating lunch.

Non-Activity List: Students on the warning list will receive a 48 hour warning each time an assignment is not turned in on time. Students have 48 hours to hand the assignment in and get it graded by the teacher. After 48 hours, if the assignment is not turned in and graded by the teacher, the student will be added to the Non-Activity List. Teachers will be given a reasonable amount of time to grade and update the list based on the type of assignment. Students do not come off the Non- Activity list until the assignment has been approved by the teacher.

Additionally, parents will be notified using *school messenger*.

Parental permission must be granted, on the *Acceptable Use Form*, for the student to have access and this permission will be kept on file for the school year.

The district maintains a network storage area for student work, which is deemed school property and can be periodically checked by administrators.

Any student who does not honor the agreement or uses the network or internet irresponsibly, (ie: cyber-bullying) may lose access.

DISCIPLINE PROCEDURE FOR THE CLASSROOM

Staff will typically follow these guidelines but can vary depending on the incident:

1. Verbal warning
2. Conference with student
3. Change student seat
4. Notification to parent/guardian
5. Sent to office with a disciplinary referral and parent notification

DISCIPLINE OF STUDENTS WITH DISABILITY

The Board recognizes that it may be necessary to suspend, remove or otherwise discipline students with disabilities. The Board also recognizes that students with disabilities have certain procedural protections whenever school authorities intend to impose discipline upon them. The Board is committed to ensuring that the procedures followed for disciplining students with disabilities are consistent with the procedural safeguards required by law.

The Code of Conduct affords students with disabilities, who are subject to disciplinary action, no greater or lesser rights than those expressly afforded by applicable federal and state law and regulations.

If the student who is under review for violating the disciplinary code, which could involve a suspension, is a student identified as having a disability, the matter shall be referred to the Committee on Special Education (CSE) before any disciplinary procedure commences or hearing occurs. The CSE shall review the matter to determine if the conduct is a result of the disability. If the CSE determines that the conduct is the result of the disability, the IEP shall be reviewed and modified to meet the needs of the student. If the determination is that the conduct is not the result of the disability, the student may be suspended according to law.

If suspensions total ten days during the school year, the building administrator shall refer the student to the CSE. The matter will be placed on the CSE agenda for review immediately. If the student is endangering himself or others, the CSE will arrange home tutoring until the review. If the behavior that is leading to the consideration of suspension is due primarily to the student's disability, then the student should not be suspended.

The CSE review, with a subsequent recommendation to the Board, will consider if the student's educational placement is appropriate, and if not, make recommendation of another placement. Also reviewed for consideration will be related services needed to help the student make a successful adjustment to placement. The CSE must develop a behavior management plan to meet the student's needs.

The CSE recommendation is forwarded to the Board. If the student's parent or legal guardian disagrees with the Board's decision, due process procedures may be initiated according to applicable law and regulations.

If it is determined that the student's actions were due to the student's disability, then the student's record will show no suspension for the incident. However, if suspension was appropriate, time spent on home tutoring will count as time on suspension and will be reflected on the student's record.

SCHOOL REPORTING TIME

1. Start Time for students in grades 7-12 is at 7:50 AM
2. Start Time for students in grades PrK-6 is at 7:30 AM

Students arriving after the designated passing times during the school day will also be considered tardy. Students who are tardy will be subject to disciplinary action.

LEAVING SCHOOL

In order to ensure students' safety, the school maintains a list of individuals who are authorized to obtain the release of students on the Emergency Contact Form. No student may be released to the custody of any individual who is not the parent or guardian of the student, unless the individual is on the form. This form may be amended at any point but must be done in writing. Certified copies of any court documents regarding custodial issues should be submitted to the District to keep on file.

The person obtaining the child must report to the main office to sign the student out of the school. A signed note must be given to the office with the following information.

SEARCH AND SEIZURE

The Board of Education is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the district code of conduct. Students are not entitled to any sort of “Miranda” type warning before being questioned by school officials, nor are school officials required to contact a student’s parent before questioning the student. However, school officials will tell all students why they are being questioned.

Lockers (even if the student owns the lock), desks, cubbyholes, etc., are the property of the school and subject to inspection *without cause*, at any time, *without notice or the student’s or parent’s permission or presence*. Students should consider this policy when deciding whether to store personal belongings in such places.

In addition, the board authorizes the superintendent, building principals, the school nurse and district security officials to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the district code of conduct.

Before searching a student or the student’s belongings, the authorized school official should request the student to admit that he or she possesses physical evidence that they violated the law or the district code, or request the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.

Chaperones will be selected as equitably as possible, with the building administrator having the final decision. The chosen chaperones will sign a responsibility sheet, outlining duties and responsibilities.
