**SUBJECT: SEXUAL HARASSMENT OF DISTRICT PERSONNEL**

The Board of Education affirms its commitment to non-discrimination and recognizes its responsibility to provide for all District employees an environment that is free of sexual harassment, including sexual violence. Sexual harassment including sexual violence is a violation of law and stands in direct opposition to District policy. Therefore, the Board prohibits and condemns all forms of sexual harassment by employees, school volunteers, students, and non-employees such as contractors and vendors which occur on school grounds and at all school-sponsored events, programs and activities including those that take place at locations off school premises and in another state. Since sexual violence is a form of sexual harassment, the term "sexual harassment" as used in this policy will implicitly include sexual violence even if it not explicitly stated.

Generally, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when:

- a) Submission of such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment;
- b) Submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individuals; and
- c) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

Sexual violence is defined as physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. Sexual violence as defined by New York Penal Law includes but is not limited to acts such as:

- a) Rape;
- b) Sexual assault;
- c) Sexual battery;
- d) Sexual coercion.

The Board acknowledges that in determining whether sexual harassment has occurred the totality of the circumstances should be evaluated. The Board recognizes that sexual harassment can originate from a person of either sex against a person of the opposite or same sex, and from co-workers as well as supervisors, and from a third party such as a school visitor, volunteer, or vendor, or any other individual associated with the School District. The District will designate, at a minimum, two (2) Compliance Officers, one (1) of each gender.

Students

**SUBJECT: SEXUAL HARASSMENT OF DISTRICT PERSONNEL**

In order for the Board to enforce this policy, and to take corrective measures as may be necessary, it is essential that any employee who believes he/she has been a victim of sexual harassment in the work environment, as well as any other person who is aware of and/or who has knowledge of or witnesses any possible occurrence of sexual harassment, immediately report such alleged harassment to the District's designated Compliance Officers through informal and/or formal complaint procedures as developed by the District. Such complaints are recommended to be in writing, although verbal complaints of alleged sexual harassment will also be promptly, thoroughly and equitably investigated in accordance with the terms of this policy. In the event that the Compliance Officer is the alleged offender, the employee should report his/her complaint to the next level of supervisory authority.

Upon receipt of an informal/formal complaint (even an anonymous complaint), the District will conduct a thorough, prompt and equitable investigation of the charges. However, even in the absence of a complaint, if the District has knowledge of or reasonably should know of or suspect any occurrence of sexual harassment, the District will investigate such conduct promptly, equitably, and thoroughly. All procedures developed by the District will provide for the prompt and equitable resolution of the sexual harassment.

To the extent possible, within legal constraints, all complaints will be treated as confidentially and privately as possible. However, disclosure may be necessary to complete a thorough investigation of the charges, and any disclosure will be provided on a "need to know" basis. The Superintendent will inform the Board of Education of investigations involving findings of harassment.

Based upon the results of the investigation, if the District determines that an employee has violated the terms of this policy and/or accompanying regulations, immediate corrective action will be taken, as warranted, up to and including termination of the offender's employment in accordance with legal guidelines, District policy and regulation, the District's Code of Conduct, and the applicable collective bargaining agreement(s). Third parties (such as school volunteers, vendors, etc.) who are found to have violated this policy and/or accompanying regulations will be subject to appropriate sanctions as warranted and in compliance with law.

**Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)**

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of sexual harassment. Follow-up inquiries shall be made to ensure that sexual harassment has not resumed and that all those involved in the investigation of the sexual harassment complaint have not suffered retaliation.

**Finding That Harassment Did Not Occur**

At any level/stage of investigation of alleged harassment, if a determination is made that harassment did not occur, the Compliance Officer will so notify the complainant, the alleged offender and the Superintendent of this determination. Such a finding does not preclude the complainant from filing an appeal pursuant to District policy or regulation and/or pursuing other legal avenues of recourse.

However, even if a determination is made that harassment did not occur, the Superintendent/designee reserves the right to initiate staff awareness and training, as applicable, to help ensure that the school community is not conducive to fostering harassment in the workplace.

In all cases, the Superintendent will inform the Board of Education of the results of each investigation involving a finding that sexual harassment did not occur.

**Knowingly Makes False Accusations**

Employees and/or students who *knowingly* make false accusations against another individual as to allegations of harassment may also face appropriate disciplinary action.

**Privacy Rights**

As part of the investigation, the District has the right to search all school property and equipment including District computers. Although rooms, desks, cabinets, lockers, computers, etc. are provided by the District for the use of students and staff, the users do not have exclusive use of these locations or equipment and should not expect that materials stored therein will be private.

**Development and Dissemination of Administrative Regulations**

Regulations will be developed for reporting, investigating and remedying allegations of sexual harassment. An appeal procedure will also be provided to address any unresolved complaints and/or unsatisfactory prior determinations by the applicable Compliance Officer(s).

Such regulations will be developed in accordance with federal and state law as well as any applicable collective bargaining agreement(s).

The Superintendent/designee(s) will affirmatively discuss the topic of sexual harassment with all employees, express the District's condemnation of such conduct, and explain the sanctions for harassment. Training programs will be established for employees to help ensure awareness of the issues pertaining to sexual harassment in the workplace, and to disseminate preventative measures to help reduce such incidents of prohibited conduct. Furthermore, special training will be provided for designated supervisors and managerial employees, as may be necessary, for training in the investigation of sexual harassment complaints.

**SUBJECT: FINGERPRINTING OF PROSPECTIVE SCHOOL EMPLOYEES**

2) Unless otherwise authorized in accordance with law and regulation, the District shall not employ or utilize a prospective school employee, as defined below, unless such prospective school employee has been granted a "full" clearance for employment by the State Education Department (SED). The School District shall require a prospective school employee who is not in the SED criminal history file to be fingerprinted for purposes of a criminal history record check by authorized personnel of the designated fingerprinting entity. For purposes of this provision of law, the term "criminal history record" shall mean a record of all convictions of crimes and any pending criminal charges maintained on an individual by the Division of Criminal Justice Services (DCJS) and the Federal Bureau of Investigation (FBI).

Prior to initiating the fingerprinting process, the District shall furnish the applicant with written notice on a form prepared by the Commissioner of Education addressing the fingerprinting requirements and the applicant's right to obtain, review and seek correction of his/her criminal history information. Additionally, where the prospective school employee is not already in the SED criminal history file, the District shall obtain the signed, informed consent of the applicant to perform the criminal history check. Every set of fingerprints taken shall be promptly submitted to the Commissioner of Education for purposes of clearance for employment.

Where the prospective school employee is already in the SED criminal history file, the District shall request the clearance for employment on forms or an equivalent manner prescribed by SED. Furthermore, the District shall notify SED, in a manner prescribed by the Department, of a prospective school employee who has commenced employment with or began providing services for the District, the date of the commencement of such employment or service, and the position held by such individual. Similarly, the District shall notify SED, in a manner prescribed by the Department, of a fingerprinted employee who has been separated from employment with the District or ceased providing services for the School District, and the date of such separation from employment or cessation of services. All criminal history records processed by DCJS and the FBI and sent to the Commissioner of Education are confidential. The records may not be published or in any way disclosed to persons other than the Commissioner unless otherwise authorized by law.

Unless otherwise exempted pursuant to law, the applicant shall be responsible for the payment of fees to SED for a criminal history record check. However, if approved by Board resolution, the District may authorize the payment of such fees on behalf of prospective employees. The Board is also authorized to waive the payment of such fees in cases of unreasonable financial hardship to the applicant or his/her family. If the Board decides to waive payment of the fees for the prospective employee, payment of the fees becomes the District's responsibility.

**Who Must Be Fingerprinted**

All "prospective school employees" of the School District must be fingerprinted. For purposes of this policy and the applicable provisions in law and Commissioner's Regulations, "prospective school employee" shall mean any individual who will reasonably be expected by the School District to

- b) Have provided services to the District in the previous school year either in a compensated position, or as an employee of a provider of contracted services to the District, or as a worker placed within the School District under a public assistance employment program pursuant to Title 9-B of Article 5 of the Social Services Law directly or through contract; or
- c) Will reasonably be expected by the School District to provide services for the District on no more than five (5) days in the school year in which services are to be performed, provided that the District provides in-person supervision of such individual by one (1) or more employees of the District while that individual is providing such services. Individuals providing such time-limited and supervised services may include but shall not be limited to artists, guest lecturers and speakers, and sports officials.

Any prospective employee who previously has been fingerprinted in order to obtain certification, and whose fingerprints remain on file with the Division of Criminal Justice Services (DCJS), will not be required to be fingerprinted again for purposes of a criminal history record check.

**SUBJECT: FINGERPRINTING OF PROSPECTIVE SCHOOL EMPLOYEES (Cont'd.)****Conditional Appointments/Emergency Conditional Appointments**Conditional Appointments

Whenever possible, a "full" clearance will be received for all new employees requiring such clearance before they begin work for the District. However, upon the recommendation of the Superintendent of Schools, the Board of Education may conditionally appoint a prospective employee. A request for conditional clearance shall be forwarded to the Commissioner of Education along with the prospective employee's fingerprints as mandated pursuant to law. Such conditional appointment shall not commence until notification by the Commissioner that the prospective employee has been conditionally cleared for employment, and such conditional employment shall terminate when the School District is notified of the determination by the Commissioner to grant or deny full clearance; however, if full clearance is granted, the appointment shall continue and the conditional status shall be removed.

Prior to commencement of such conditional appointment, the District must obtain a signed statement for conditional employment from the prospective employee indicating whether, to the best of his/her knowledge, the prospective employee has a pending criminal charge or criminal conviction in any jurisdiction outside the state.

Emergency Conditional Appointments

Upon the recommendation of the Superintendent of Schools, the Board may make an emergency conditional appointment when an unforeseen emergency vacancy has occurred. When such an appointment is made, the process for conditional appointment as enumerated above must also be initiated.

Emergency conditional appointment may commence prior to notification from the Commissioner of Education on conditional clearance but shall terminate twenty (20) business days from the date such appointment commences or when the District is notified by the Commissioner that conditional clearance is either granted or denied, whichever occurs earlier; however, if conditional clearance is granted, the appointment shall continue as a conditional appointment.

Prior to the commencement of such appointment, the District must obtain a signed statement for emergency conditional appointment from the prospective employee indicating whether, to the best of his/her knowledge, the prospective employee has a pending criminal charge or criminal conviction in any jurisdiction.

An unforeseen emergency vacancy shall be defined as:

- a) A vacancy that occurred less than ten (10) business days before the start of any school session including summer school, or during any school session including summer school, without sufficient notice to allow for clearance or conditional clearance (however, this ten (10) business day timeframe provision shall not apply if the Board of Education finds that the School District has been unable to fill the vacancy despite good faith efforts to fill the vacancy in a manner that would have allowed sufficient time for full clearance or conditional clearance); and
- b) When no other qualified person is available to fill the vacancy temporarily; and
- c) When the emergency conditional appointment is necessary to maintain services which the District is legally required to provide or services necessary to protect the health, education or safety of students or staff.

**Safety of Students**

The District will develop internal building and/or program procedures to help ensure the safety of students who have contact with an employee holding conditional appointment or emergency conditional appointment. Such procedures will address the safety of students in the classroom, students attending off-campus activities under the supervision of the School District, and students participating in extracurricular and/or co-curricular activities (including sports and athletic activities).

Safety procedures to be addressed include, but are not limited to, the following: supervision of the employee holding conditional appointment/emergency conditional appointment as determined appropriate by the applicable building/program administrator; and periodic visitations by the building/program administrator to the classroom, program and/or activity assigned to the employee holding conditional appointment/emergency conditional appointment.

**SUBJECT: STAFF-STUDENT RELATIONS (FRATERNIZATION)**

The Board of Education requires that all School District employees maintain a professional, ethical relationship with District students that is conducive to an effective, safe learning environment; and that staff members act as role models for students at all times, whether on or off school property and both during and outside of school hours. Staff must establish appropriate personal boundaries with students and not engage in any behavior that could reasonably lead to even the appearance of impropriety.

Staff members are prohibited, under any circumstances, to date or engage in any improper fraternization or undue familiarity with students, regardless of the student's age and/or regardless of whether the student may have "consented" to such conduct. Further, employees shall not entertain students or socialize with students in such a manner as to create the perception that a dating relationship exists. Similarly, any action or comment by a staff member which invites romantic or sexual involvement with a student is considered highly unethical, in violation of District policy, and may result in the notification of law enforcement officials and the filing of criminal charges and/or disciplinary action by the District up to and including termination of employment.

Inappropriate employee behavior includes, but is not limited to, flirting; making suggestive comments; dating; requests for sexual activity; physical displays of affection; giving inappropriate personal gifts; frequent personal communication with a student (via phone, e-mail, letters, notes, etc.) unrelated to course work or official school matters; providing alcohol or drugs to students; inappropriate touching; and engaging in sexual contact and/or sexual relations.

Even if the student participated "willingly" in the activity (regardless of the student's age), inappropriate fraternization of staff with students is against District policy and may be in violation of professional standards of conduct and New York State Law. However, inappropriate employee conduct does not need to rise to the level of criminal activity for such conduct to be in violation of District rules and subject to appropriate disciplinary sanctions.

Any student who believes that he/she has been subjected to inappropriate staff behavior as enumerated in this policy, as well as students, school employees or third parties who have knowledge of or witness any possible occurrence of inappropriate staff-student relations, shall report the incident to any staff member or either the employee's supervisor, the student's Principal or the District's designated Complaint Officer. In all events such reports shall be forwarded to the designated Complaint Officer for further investigation. Anonymous complaints of inappropriate fraternization of staff members with students shall also be investigated by the District. Investigations of allegations of inappropriate staff-student relations shall follow the procedures utilized for complaints of harassment within the School District. Allegations of inappropriate staff-student behavior shall be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints.

Any employee having knowledge of or reasonable suspicion that another employee may have engaged in inappropriate conduct with a student that may constitute child abuse (specifically, child

abuse in an educational setting) must *also* follow the District's reporting procedures for such allegations; and such information will be reported by the designated administrator as required by state law to law enforcement officials, the State Education Department and/or Child Protective Services as may be applicable.

If a student initiates inappropriate behavior toward a staff member, that employee shall document the incident and report it to his/her Building Principal or supervisor.

The District shall promptly investigate all complaints of inappropriate staff-student relations, and take prompt corrective action to stop such conduct if it occurs.

**Prohibition of Retaliation**

The Board of Education prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of allegations of inappropriate staff-student relations. Follow-up inquiries and/or appropriate monitoring shall be made to ensure that the alleged conduct has not resumed and that all those involved in the investigation have not suffered retaliation. Any act of retaliation is subject to appropriate disciplinary action by the District.

**District Responsibility/Training**

The Principal of each school and/or program supervisor shall be responsible for informing students, staff and volunteers of the requirements of this policy, including the duty to report and the procedures established for investigation and resolution of complaints. Further, staff training shall be provided to facilitate staff identification of possible behavior that may constitute inappropriate staff-student relationships. Students shall be provided such training in an age appropriate manner.

The District's policy (or a summary thereof) shall be disseminated as appropriate to staff, students and parents. Further, this topic shall be addressed in the District Code of Conduct.

**Disciplinary Sanctions**

Any staff member who engages in inappropriate conduct with a student, prohibited by the terms of this policy, shall be subject to appropriate disciplinary measures up to and including termination of employment in accordance with legal guidelines, District policy and regulation, and the applicable collective bargaining agreement. A violation of this policy may also subject the employee to criminal and/or civil sanctions as well as disciplinary action by the State Education Department.

**SUBJECT: SCHOOL VOLUNTEER**

(Please Note: This policy does not apply to chaperones for field trips or other short term volunteer activities)

The Board encourages volunteers from all backgrounds and age groups who are willing to share their time, training, experience or personal characteristics to benefit the students of the district.

Volunteers are persons who are willing to donate their time and energies to assist principals, teachers, and other school personnel in implementing various phases of school programs. Volunteers shall serve in that capacity without compensation or employee benefits except for liability protection under the District's insurance program. Volunteers are to work under the direction of the teacher(s) and administrator(s) to whom they are assigned. Their activities with children will be closely coordinated and supervised. After the application is reviewed and screened and references are checked by the Building Principal, the application will be then forwarded to the Superintendent for his/her final evaluation. Following approval from the Superintendent volunteers will be placed on the list of approved volunteers. It should be noted that the Superintendent will retain the right to approve or reject any volunteer applications submitted for consideration.

The person to whom the volunteer is assigned shall make volunteers aware of their expected duties and obligation under school rules, relevant district policies and regulations, and any applicable laws. **SUBJECT: EMPLOYEE ACTIVITIES****Political Activities**

The Board of Education recognizes the right of its employees, as citizens, to engage in political activities and to exercise their constitutionally-protected rights to address matters of public concern.

When such speech or action occurs on school grounds and/or during school time, the Board of Education can impose reasonable restrictions on the time, place and manner of the speech or action, and can further regulate the content of such speech when it materially imperils the efficient operation of the school.

Teachers may not use their classrooms or school surroundings as a means to promote their personal political views and beliefs. **SUBJECT: STAFF USE OF COMPUTERIZED INFORMATION RESOURCES**

The Board of Education will provide staff with access to various computerized information resources through the District's computer system (DCS hereafter) consisting of software, hardware, computer networks and electronic communication systems. This may include access to electronic mail, so-called "on-line services" and the "Internet." It may also include the opportunity for some staff to have independent access to the DCS from their home or other remote locations. All use of the DCS, including independent use off school premises, shall be subject to this policy and accompanying regulations.

The Board encourages staff to make use of the DCS to explore educational topics, conduct research and contact others in the educational world. The Board anticipates that staff access to various computerized information resources will both expedite and enhance the performance of tasks associated with their positions and assignments. Toward that end, the Board directs the Superintendent or his/her designee(s) to provide staff with training in the proper and effective use of the DCS.

Staff use of the DCS is conditioned upon written agreement by the staff member that use of the DCS will conform to the requirements of this policy and any regulations adopted to ensure acceptable use of the DCS. All such agreements shall be kept on file in the District Office.

Generally, the same standards of acceptable staff conduct which apply to any aspect of job performance shall apply to use of the DCS. Employees are expected to communicate in a professional manner consistent with applicable District policies and regulations governing the behavior of school staff. Electronic mail and telecommunications are not to be utilized to share confidential information about students or other employees.

This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage. Administrative regulations will further define general guidelines of appropriate staff conduct and use as well as proscribed behavior.

District staff shall also adhere to the laws, policies and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and rights of privacy created by federal and state law.

Staff members who engage in unacceptable use may lose access to the DCS and may be subject to further discipline under the law and in accordance with applicable collective bargaining agreements. Legal action may be initiated against a staff member who willfully, maliciously or unlawfully damages or destroys property of the District.

**Privacy Rights**

For the purposes of this policy, the term "employee" shall be as defined in the applicable statute(s).

- a) For purposes of Education Law Section 3811, the employee must give written notice within five (5) days after service of process upon him/her. The District will provide legal defense and/or indemnification for all damages, costs, and reasonable expenses incurred in the defense of an action or proceeding if authorized pursuant to statute and provided that the alleged action or omission which occurred or allegedly occurred is covered by the appropriate statute(s). Furthermore, the District will not be required to provide indemnification protection and/or legal defense unless the employee was, at the time of the alleged incident, acting in the discharge of his/her duties within the scope of his/her employment or authorized volunteer duties and/or under the direction of the Board of Education.

**Public Officers Law Section 18**

The Board of Education hereby also confers the benefits of Section 18 of the New York State Public Officers Law upon the "employees" of the District, as defined in Section 18 of the Public Officers Law; and the District assumes the liability for the costs incurred in accordance with the provisions of Section 18. Furthermore, the District shall indemnify and save harmless its employees in the amount of any judgment obtained against such employees in a state or federal court, or in the amount of any settlement of a claim, provided that the act or omission from which such judgment or claim arose occurred while the employee was acting within the scope of his/her public employment or duties. However, in the case of a settlement, the duty to indemnify and save harmless shall be conditioned upon the approval of the amount of the settlement by the Board of Education.

The duty to defend and/or indemnify and save harmless, in accordance with Section 18 of the Public Officers Law, shall be conditioned upon the delivery by the employee to the School Attorney or to the Superintendent a written request to provide for his/her defense, together with the original or a copy of any summons, complaint, process, notice, demand or pleading within ten (10) days after he/she is served with such document. Pursuant to Section 18, the full cooperation of the employee in the defense of such action or proceeding and in the defense of any action or proceeding against the District based upon the same act or omission, and in the prosecution of any appeal, shall also be required as a condition for the District's duty to defend and/or indemnify and save harmless to exist.

Indemnification coverage and/or provision of legal defense by the District will not apply unless the actionable claim is of the type covered by the statute(s) and/or is not otherwise exempt from coverage pursuant to law. **SUBJECT: FAMILY AND MEDICAL LEAVE ACT**

The Board of Education, in accordance with the Family and Medical Leave Act of 1993 (FMLA), gives "eligible" employees of the District the right to take unpaid leave for a period of up to twelve (12) workweeks in a twelve-month period as determined by the District. The District will compute the twelve-month period according to the following time frame: a "rolling" twelve-month period will be used that is measured backward from the date an employee uses any FMLA leave.

Employees are "eligible" if they have been employed by the District for at least twelve (12) months and for at least 1,250 hours of service during the previous twelve-month period. Full-time teachers are deemed to meet the 1,250 hour test. The law covers both full-time and part-time employees.

Qualified employees may be granted leave for one (1) or more of the following reasons:

- a) The birth of a child and care for the infant;
- b) Adoption of a child and care for the infant;
- c) The placement with the employee of a child in foster care;
- d) To care for a spouse, child or parent who has a serious health condition as defined by the FMLA;
- e) A serious health condition of the employee, as defined by the FMLA, that prevents the employee from performing his/her job.

At the Board of Education's or employee's option, certain types of paid leave may be substituted for unpaid leave.

An employee on FMLA leave is also entitled to have health benefits maintained while on leave. If an employee was paying all or part of the premium payments prior to leave, the employee will continue to pay his/her share during the leave period.

In most instances, an employee has a right to return to the same position or an equivalent position with equivalent pay, benefits and working conditions at the conclusion of the leave.

The Board of Education has a right to thirty (30) days advance notice from the employee where practicable. In addition, the Board may require an employee to submit certification from a health care provider to substantiate that the leave is due to the serious health condition of the employee or the employee's immediate family member. Failure to comply with these requirements may result in the denial of FMLA leave. The Board may also require that an employee present a certification of fitness

to return to work when the absence was caused by the employee's serious health condition. The Board of Education has the right to deny restoration to employment if the employee does not furnish the certificate of fitness.

A notice which explains the FMLA's provisions and provides information concerning the procedures for filing complaints of violations of the FMLA shall be posted in each school building.

Administration is directed to develop regulations to implement this policy, informing employees of their rights and responsibilities under the FMLA.
